SOCIAL AND PERSONAL

Brief Mentioning of People Who Come and People Who Depart.

C. F. Cutts is down from Carson.

Frank Dickinson of Red Rock is at the Arcade.

Fred Eagleton was up from Wadsworth yesterday.

W. S. Webb of Quincy is registered at the Riverside.

Rev. J. J. Clair was down from Truckee yesterday.

Mrs. I. N. Pattison arrived from Winnemucca yesterday.

Mr. and Mrs. C. H. Mott were arrivals in Reno yesterday.

George S. Nixon, the Winnemucca banker, is a visitor to Reno.

Mrs. Judge Cheney has returned from a visit to San Francisco.

Hugh Kelly was taken to Frisco for treatment for spinal disease.

Manager Patterson of the Depot hotel in Verdi spent yesterday in this city.

Traffic Manager Crowley of the N-C-O has returned from a flying business trip to the city.

General J. D. Torreyson came down from Carson last evening. He will continue on to San Francisco.

Important Case Decided.

L. Yori vs. Elkin Cohn is the title of a case that was decided in the Supreme Court yesterday.

In its original decision the Supreme Court reversed the decision of the lower court upon the ground of the refusal of the lower court to grant a continuance.

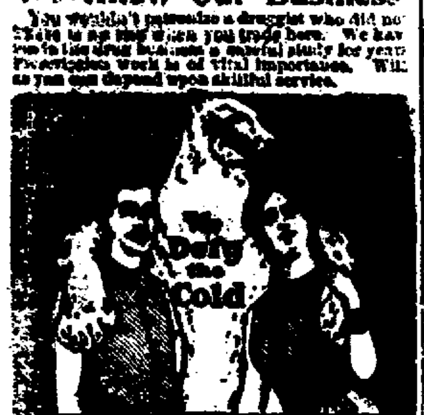

A petition for rehearing was filed, briefs filed and the case argued at length, and the Supreme Court by a majority reversed its original decision and affirmed the judgment of the lower court. Alfred Chartz was attorney for respondent, who prevailed in the case.

The Terminus Reached.

General Manager Dunaway of the N-C-O is at the front. Tracklaying is completed. A station and other buildings will be erected at the new terminus as soon as possible.

Officer Leeper's Steady Improvement.

Charley Leeper is feeling as well as any person could with a hole through his body. He now sleeps without the use of opiates and eats with hearty appetite. Yesterday he was propped up in bed for a few minutes and enjoyed the change in position.

He wants to put his feet on the floor, but his faithful nurse, Bulsell, is on the lookout for any pranks of that sort. He tells the officer that if he behaves himself he can drive out in a closed carriage in a couple of weeks.

Building Operations.

Richard Ryland put a force of men to work yesterday excavating for a cellar at the corner of Second and Virginia streets. He will erect a handsome brick building for William Levy there. It will be two stories high, 58x60 feet. Both frontages will be of iron and glass. The building will be an ornament to the town.

Reward for His Return.

Lost, strayed or stolen—One Grant Pyle, a professional stock buyer. He was last seen at the Palace hotel on the morning of January 21. He has the name of "Silver Hair" graven on his collar and wears tag No. 4-11-44 which proves that his licenses has been paid. He is supposed to have followed a band of sheep out of town.

Unsuccessful Attempt.

A young man whose fingers trip the light fantastic over the keys of a saloon piano at so much per is the victim of misplaced confidence in his ability as a bronco buster. A cowboy rode into town last night and the piano player essayed to ride his pony. The musician is undergoing repairs.

Kindergarten Officers.

The Kindergarten Association has selected the following officers:

Miss H. K. Clapp, president; Mrs. S. J. Hodgkinson, first vice president; Mrs. S. H. Wheeler, second vice president; Mrs. Sardis Summerfield, treasurer; Mrs. E. B. Coffin, secretary; trustees—Miss Hannah K. Clapp, Mrs. S. J. Hodgkinson, Mrs. G. H. Thoma, Mrs. William Webster, Mrs. R. L. Fulton.

At a Bargain.

A BARGAIN—Davenport offers today three dwelling houses all rented, located within two blocks from the post office, for $3,500. Who will take this offer up? Office 112 Virginia street.

Moisture Encountered.

Water was struck yesterday in the ice factory well at a depth of 38 feet and 11 inches. The well will be sunk until the flow amounts to 500 gallons a minute.

Travel from Tonopah.

The V. & T. was 19 minutes late last night due to waiting for a connection at the Mound House. Both passenger cars were loaded with people from Tonopah.

A New Lodge Room.

The lodge hall in the new Becker building on Sierra street will be ready for occupancy by the 1st of February. Lodges or societies desiring to rent the room should apply to George W. Perkins. tF1

COMBINATION OF INDUSTRIAL ENTERPRISES

A Huge Concern in Reno That, when Completed, Will Be Unexcelled on the Pacific Coast.

The corporation that is erecting its plant at the east end of Fourth street is making things hum. Caine & Schadler have forty carpenters at work and many other artisans are busily employed.

A plant is being put up that is equalled by very few on the coast. It is a veritable cosmos. Its energies will be in a dozen directions and its influence will be manifest in the building up of the State at large and Reno in particular. More than a quarter of a million dollars has already been expended in this enterprise and the end is not yet. Doubtless four hundred thousand dollars will be invested before the great establishment is in running order.

Comprehended in one group of massive buildings are a warehouse, cold storage plant, ice factory, electric power and light works, slaughter house and what not.

The warehouse is already completed. Its great eighty foot signs indicate that this is the Flanigan warehouse company's property. There is fifteen thousand feet of floor space, 100x150. Rapidly the storehouse is filling up. It contains apples, hides, carriages and electrical appliances in carload lots. When the lower floor space is exhausted a false ceiling or floor will be put in and the capacity of the building doubled. This can be easily done as the hight of the storehouse is eighty feet.

The Reno ice factory is practically completed. It has a capacity to produce twice a day, three blocks of ice twenty-odd inches thick, four feet wide and 24 feet long. The machinery is all of the most modern make. Superintendent Shadrick is putting on the finishing touches. In a few days he will say, "Turn her loose!"

It will require another month to complete the cold storage plant. This is a monster building, as large as the Flanigan warehouse. It is built of solid masonry and hermetically sealed. The temperature can be kept at whatever degree desired.

A large stable is being erected. It will have stalls for twelve dray horses and room for immense amounts of hay.

The slaughter house is assuming proportions. Although the capacity is much greater it is planned to slaughter only a thousand animals a month at first. The best of machinery for saving the by-products is being put in. There will be no stench from the slaughter house.

New machinery is being installed in the sub-station of the Reno Power and Light Company. The voltage of the incandescent system has been raised to 2000 and improved service may be expected. Senator Flanigan and his associates are spending their money like water in order to make this establishment the best obtainable. They have taken a chance on the town and will doubtless reap the reward of their labors.

Last year's wall papers greatly reduced. New wall papers not high—Porteous Decorative Co.

A Star Lecture by President Wheeler.

Next Friday will be a red letter day for instructive entertainment in Reno. For the first time in our history a famous educator from a neighboring State will champion the cause of pure athletics. On the evening of that day Doctor Benjamin Ide Wheeler will speak to our people in the Star lecture course, on the "Renewal of the Olympian Games at Athens."

It touches the cognate subject of physical and mental education as exemplified in the most wonderful of ancient nations, and will be illustrated by over one hundred magic lantern views.

A polished orator and scholar, a master of everything pertaining to the wonderful Greek nation, Dr. Wheeler, in inspiring speech and picture, opens up for the scholar the society man, woman, and belle; for the mechanic, for the business man, for the university student—and for all who would be entertained and instructed—a rich and beautiful field of thought. He holds that physicial and intellectual education should go hand in hand with us as with the Greek, and is himself a striking example of their fortunate combination.

Fathers, mothers, sons and daughters should hear this great lecture.

President Wheeler's high reputation as a scholar and orator, and the appropriateness of this subject for a college town insure for him here a crowded house.

Will Improve the Place.

The bathing accommodations at Amedee Hot Springs are to be greatly improved this spring. When this sanitarium opens for the season the cuisine will be unexcelled.

Interest Being Taken in Athletics by this Rapidly Growing Club.

The Wheelmen held their regular meeting last evening. The attendance was small but enthusiastic. The Athletic Committee reported that they had elected F. P. Dann as manager of the minstrel performance, which will be presented to the Reno theater-goers the latter part of February. The Dramatic Club have volunteered to help the Wheelmen in their show by way of talent.

The proceeds of the entertainment is to be used to purchase uniforms, etc., for the Wheelmen football team, which will be placed in the field next year.

Several new members were admitted to the Club, and a half dozen were dropped from the roll for non-payment of dues. The receipts of the evening far exceeded the expenditures.

The baseball team reported that they had played a game each Sunday this month with a picked team and had been victorious each time. They are now making arrangements for games with outside teams.

GORMAN'S RETURN TO THE SENATE.

GORMAN'S return to the Senate which is an assured fact, ought to be of considerable advantage to the Democrats. Naturally he will not resume his old committee place. He will stand on the footing of a new member. He had been denied some places that he desired before his previous term expired, because he was not supposed to be in sympathy with the majority of the Democrats of that body. He will now, however, take a position of importance among his Democratic associates, and his cool counsel and wide experience ought to be of benefit to them. Mugwump papers sneer at Gorman. They say he will not add anything to the Democratic strength; that he is a schemer, a wire-puller, not a statesman. Very much depends on the view one takes of statesmanship. It doesn't always consist in framing wise messages or making eloquent speeches. It is the man who accomplishes things that counts, and Gorman generally accomplishes. Perhaps Gorman will not rank high as a statesman. At least he is superior to Senator Wellington, whom he will displace. The party needs his experience, his judgment and his ability to handle men. He will have an important voice in Democratic councils when he returns to the Senate, and the Democratic policy ought to improve because of his assistance.

WONDERS OF ELECTRICITY.

THE electric light is new, and yet is so old that perhaps we do not appreciate its marvellous achievement. If we will but recall the conditions before it came we shall see what a wonderful advance it has been in the field of applied science. Its use in theatres, in stores, in show windows, in street illuminations, in private as well as public, its application for lighting in all sorts of out of the way corners, its devisibility into various degrees of power, its absolute safety so long as the wires are properly guarded, its perfect sanitary qualities, the practical absence of heat and the entire absence of odor are things that make one feel that in the way of lighting we have come perhaps to the last discovery.

Yet this light was shown in this country for the first time at the Centennial exhibition—25 years ago. And it is needless to say that those who saw it were sceptical of its practical use. Arc lighting was produced on a commercial basis in 1877, but the real beginning of electric lighting in its modern aspects was the opening of the Pearl street station in New York by Edison in September, 1882, where the Edison incandescent lamp was used. In the nineteen years since then, according to a careful tabulation made by the Electrical Review, the investment in electric lighting plants in this country alone has reached the sum of $700,000,000. This wonderful industry has been established in this short time, and, we must now remember, in the face of the organized and long established competition of gas illumination, a powerful and rich interest which until the adoption of electric light occupied the whole field for the best kind of lighting.

SHOULD BE REVIVED.

CAPTAIN CLARK dined with the President a short time ago. The Captain is too modest to talk of his own exploits, but it is to be hoped that the President was able, in the course of the conversation to learn some reasons why the gallant officer should receive some signal reward for his distinguished services. It is coming to be regarded as necessary that the grade of vice-admiral should be revived. The Monpelier, Argus gives an excellent reason for this necessity: "We have a squadron on the South American coast, because of the possibility of trouble in Venezuela. It is in command of a rear-admiral. The British squadron is commanded by a vice-admiral. In case of a naval action the British officer, being of higher rank, would take command. Our interests there are of more importance than England's and an American officer ought to command. He would if his rank were equal to that of the British officer. There is now a bill before Congress reviving the rank of vice-admiral and authorizing two appointment. It passed, it would afford a means of rewarding Clark and Schley and putting naval affairs on a more satisfactory basis.

EXPENSIVE EMPIRE BUILDING.

ON last Saturday the Boer War had been going on just two years and three months. And this is what it had cost Great Britain up to that time. Total deaths from all causes, 19,430. Total sent home as invalids, 64,330. Total expenditures to the end of the fiscal year $750,000,000.

Even if the conquest of the two republics were complete today, Great Britain would have paid nearly $5,000 per square mile for the 163,500 square miles of the annexed South African territory, and more than one British soldier has been killed, maimed or invalided for every Boer soldier put in the field. As the New York world remarks, "this perhaps is so, a price that "staggers humanity," but it is certainly one that staggers the British people."

SENATOR HANNA is unalterably opposed to the Nicaragua canol measure. He is, however, an encourager of marine enterprise—in the way of ship subsidy bills.

SENATOR FRYE says he has eliminated all of the objectionable features in the ship subsidy bill. We are glad to hear it, for that certainly means the elimination of the subsidy clause.

PUBLISHING the facts about the trusts might incite some victim to commit violence, and then some one would be responsible. Would it be the advocate of publicity?

IF Schley was not in command at Santiago, he led the fighting, anyhow. The fact that his flagship went right into the disturbance and got hit oftener than any other vessel in the American fleet, and that Schley was in the fore front of the battle all the time, seems to have been deeply impressed on the minds of the American people, and no order or suggestion from the navy department can rub it out.

THE Boers don't know when they get enough. The English know but they can't let go.

ROOSEVELT may be pursuing McKinley's policy, but it looks as though he was pursuing McKinley's cabinet with an axe.

MR. BRYAN'S only comment on the defeat of Perry Belmont for congress was that it was "another evidence that it does not pay to nominate a man on a Democratic ticket when he does not advocate Democratic principles."

NOTICE OF FORFEITURE OF MINING CLAIMS.

To Thomas Winegardner:

You are hereby notified that I, as co-owner with yourself of the "Nora," "Spanish Springs," "Prince," and "Thompson" Mining claims in Wedekind Mining District, Washoe County, State of Nevada, the certificates of location of which are recorded in Book "D" pages 1-3, Mining Records of said Washoe county, have performed for the year 1901, the annual labor required under the provisions of section 2324 of the Revised Statutes of the United States, upon each of said claims, and have duly filed with the County Recorder of Washoe County, a correct statement of the annual labor so done by me, and the same is of record in Book "D" of said Mining Records of Washoe county at pages 402-404, to which record you are hereby referred; that the work so performed consists of a tunnel seventy-five feet in length on the said "Nora" Claim costing $250.00; a tunnel sixty feet in length and two shafts ten feet in depth on the said "Spanish Springs" Claim, costing $200; a tunnel eighteen feet in length and two shafts ten feet in depth on the said "Prince" Claim, costing $100; and a frame building 12x18 feet for mining purposes on the said "Thompson" Claim, costing $100.

That if you fail or refuse to contribute, as required by the above mentioned section of the Revised Statutes of the United States, your proportion of the expenditure on said claims required by said section, your interest in said claims shall become the property of myself.

JAMES D. O'SULLIVAN.

DEPARTMENT OF THE INTERIOR,

United States Land Office,
Carson City, Nevada,
December 12, 1901.

To Whom it May Concern:

Notice is hereby given that on the 20th day of January, 1902, the following township plats will be filed:

Township No. 19 N., Range 22 E.
Township No. 24 N., Range 24 E.
Township No. 25 N., Range 24 E., M. D. M.

Parties interested must file their claims within three months from said date (January 20, 1902) to secure their preferred rights.

Application for entry of lands in said townships will be received January 20, 1902.

O. H. GALLUP, Register.

ASSESSMENT NOTICE.

ORR WATER DITCH COMPANY—Location of property, Washoe County, Nevada; place of business, Reno, Nevada.

Notice is hereby given that at a meeting of the Board of Trustees of the above named company, held on the 16th day of November, 1901, an assessment (No. 73) of three dollars ($3) per share was levied upon each and every share of the capital stock of said company, payable immediately in United States gold coin to the treasurer, the Washoe County Bank. Any stock upon which the assessment shall remain unpaid on

WEDNESDAY, DECEMBER 18, 1901,

Shall be deemed delinquent and will be advertised for sale at public auction, and unless previously paid will be sold by the secretary at the office of said company on Saturday, the 18th day of January, 1902, at 2 o'clock p. m. of that day, to pay such delinquent assessment together with costs and expense of said sale.

By order of the Board of Trustees.

MINING IN THIS STATE

Culled News of Nevada's Most Important Industry.

The Appeal notes the discovery of what may prove a valuable coal mine near Carson.

The mill in Kennedy district, Humboldt county, is being put in running order and a smelting and cyanide plant installed.

Charles D. Lane, the well-known California mining, is at Silver Peak, Esmeralda county, making an examination of the mines of that famous district.

A force of seventy men are now employed by the Butters Company in Six-mile canyon, which will add $6,000 or more to the Comstock payrolls.—Virginia Report.

The Silver Hill Mining Company has purchased the Wedge ground and 50 feet of the overland ground lying next to their claim on the east. This gives them more room for prospecting and was a desirable purchase. As the company has a good surplus on hand they can pay cash ($2,500) for the new ground without disturbing their finances.—S. F. Argus.

Dry milling, with its attended mortality, at De Lamar, Nevada, has been finally abandoned nad replaced by the wet, the machinery for which latter was put in motion at De Lamar's mines on January 9. The substitution of the new for the old is one over which the population of the camp may well exult, while the management has every reason to congratulate themselves.

Chance to Acquire Treasury Stock.

You should buy some treasury stock in the Consolidated Nevada Mining Company of Colorado Springs, thereby assisting in the development of the Wedekind and Peavine districts and help swell the population of Reno and vicinity.

The Company is capitalized for $200,000, in 2,000,000 non-assessable shares.

The Company, as you all know, is working, and the prospects of getting a mine are good. Every trustee connected with the Company is working to make this one of the best paying properties in Nevada.

The Company offers only a small block of treasury stock at the low price of five cents per share.

Come in and help us make it worth a dollar a share.

Call on or address J. K. Miller, president. A. F. Price, superintendent, 6 Ridge street, Reno, Nevada.

Or Secretary E. S. Bach, Exchange National Bank Building, Colorado Springs, Colorado.

ALL AROUND THE STATE

A Few Gleaned Paragraphs of Nevada News.

The telephone rate from Sodaville to Tonapah is fifty cents for fifty words or less.

A horse weighing over 2,000 pounds, raised in Lovelock valley, was shipped to San Francisco last week.

The Lovelock Tribune states that the creamery at that point will start up in the spring as the indebtedness of of the plant has been wiped out.

Dayton is booming. Both hotels are full, and it is impossible to get a room. Private dwelling houses are equally hard to rent.

An Indian was yesterday sentenced to twelve and a half days in jail at Carson for shooting mountain quail. Another Indian was given the same sentence for having mountain quail in his possession.

Otto Schroeder, who some weeks ago in a fight with Bert Cassinelli, had his thumb bitten, and who a few days ago had the injured member taken off, may yet be compelled to have his arm amputated as it is in a bad way.—Virginia Enterprise.

The Tonapah Miner's Union paid out $650 last week for medical atendance, nurses and funeral expenses. The Bonanza says the Union has become a Red Cross corps, every member aiding in caring for the sick without considering if they are members of the Union or wanderers into a new camp.

FOOD CHANGED TO POISON.

Putrefying food in the intestines produces effects like those of arsenic, but Dr. King's New Life Pills expel the poisons from clogged bowels, gently, easily but surely, curing Constipation, Biliousness, Sick Headache, Fevers, all Liver, Kidney and Bowel troubles. Only 25c at S. J. Hodgkinson's.

SAW DEATH NEAR.

"It often made my heart ache," writes L. C. Overstreet, of Elgin, Tenn., "to hear my wife cough until it seemed her weak and sore lungs would collapse. Good doctors said she was so far gone with Consumption that no medicine or earthly help could save her, but a friends recommended Dr. King's New Discovery and persistent use of this excellent medicine saved her life." It's absolutely guaranteed for Coughs, Colds, Bronchitis, Asthma, and all Throat and Lung diseases. 50c and $1.00 at S. J. Hodgkinson's. Trial bottles free.

SAYS HE WAS TORTURED.

"I suffered such pain from corns I could hardly walk," writes H. Robinson, Hillsborough, Ills., "but Bucklen's Arnica Salve completely cured them.' Acts like magic on sprains, burises, cuts, sores, scalds, burns, boils, ulcers. Perfect healer of skin diseases and pile. Cure guaranteed by S. J. Hodgkinson for 25c.

A WOMAN'S AWFUL PERIL.

"There is only one chance to save your life and that is through an operation," were the startling words heard by Mrs. I. B. Hunt of Lime Ridge, Wis., from her doctor after he had vainly tried to cure her of a frightful case of stomach trouble and yellow jaundice. Gall stones had formed and she constantly grew worse. Then she began to use Electric Bitters which wholly cured her. It's a wonderful Stomach, Liver and Kidney remedy. Cures Dyspepsia, Loss of Appetite. Try it. Only 50 cts. Guaranteed. For sale by S. J. Hodgkinson.

PIANOS ON EASY TERMS.

And at prices to suit any one. The prices range from two hundred and twenty-five dollars up—twenty-five dollars down and the balance in ten-dollar monthly installments.

These pianos are all fully guaranteed and have the latest improved action and are the style upright. No one on earth sells better pianos or better-toned pianos, or gives more value for the money than C. J. Brookins. Brookins has lived and sold pianos in Reno for thirty years. Why not buy your piano of Professor Brookins, who knows all about pianos and has made them a great study for thirty years? Call at 324 Virginia street, C. J. Brookins' store. tf

SYRUP OF FIGS
NEVER IMITATED—NEVER EQUALLED

An Excellent Combination.

The pleasant method and beneficial effects of the well known remedy, SYRUP OF FIGS, manufactured by the CALIFORNIA FIG SYRUP CO., illustrate the value of obtaining the liquid laxative principles of plants known to be medicinally laxative and presenting them in the form most refreshing to the taste and acceptable to the system. It is the one perfect strengthening laxative, cleansing the system effectually, dispelling colds, headaches and fevers gently yet promptly and enabling one to overcome habitual constipation permanently. Its perfect freedom from every objectionable quality and substance, and its acting on the kidneys, liver and bowels, without weakening or irritating them, make it the ideal laxative.

In the process of manufacturing figs are used, as they are pleasant to the taste, but the medicinal qualities of the remedy are obtained from senna and other aromatic plants, by a method known to the CALIFORNIA FIG SYRUP CO. only. In order to get its beneficial effects and to avoid imitations, please remember the full name of the Company printed on the front of every package.

ONE MORE CONTRIBUTION

A Journal Correspondent Takes Issue With "An American Citizen."

Editor Journal—In a recent issue of your paper there appeared a communication on the Boer war from a party who signs himself "An American Citizen." I never knew of one who was ashamed to sign his name to anything he wrote. Consequently I take it for granted that said American citizen is a typical Britisher.

Now, Mr. Editor, as I have never owed allegiance to any king or potentate, other that the Constitution of the United States of America, I hope, therefore, you will be good enough to accord to me the same privilege as you did to the other correspondent.

In offering a rebuttal, the principal contention of said American Citizen, who claims to speak with authority, is why the Dutch should lay claim to the gold fields within their territory.

Now for the benefit of this American citizen, whose knowledge of English jurisprudence and intricacies is very much limited, let me quote, not the sayings of foreigners, but the transactions and negotiations of the British parliament and its officials with the Dutch of South Africa and reported in the London Times from time to time. I feel quite certain it will have a soothing effect upon the most ardent Britisher, notwithstanding the aptness of "An American Citizen."

First, Mr. Chamberlain, speaking in Birmingham, England, June 7, 1881, said in part:

"These men settled in the Transvaal in order to escape foreign rule. They left their homes in Natal as the British piritans left England and went to the United States, and they founded a little republic of their own in Africa. In 1852 we made a treaty with them. They agreed to give up slavery and we agreed to respect and to guarantee their independence, and I say, under these circumstances, is it possible we could maintain a forcible annexation of the country without incurring the accusation of having been guilty, I will not say of national folly, but of national crime?"

Second, Lord Salisbury at the Guildhall, Nov. 9, 1899, said: "We seek no gold fields, we seek no territory."

Mr. Balfour, speaking at Dundee, September 28, 1899, said. "We have been accused abroad of ambitious designs to seize for ourselves territory rightfully belonging to others. I am certain that no such wretched, pitiful ambition has animated any public man of any section in this country."

Yes, every schoolboy in the United States is pretty well acquainted with English history.

Not long ago a Welsh member of Parliament went to address a pro-Boer meeting in England and he had to flee for his life. About two weeks ago the English government locked up in jail four Irish members of parliament because they dared to exercise the God-given right of free speech.

Now, Mr. American Citizen, you talk about the English Government's magnanimity. Go way back and sit down.

Very truly youre,

CHAS. A. BECKEL.

J. B. Ratliff, superintendent of Judge Haydon's Bullion mine in Mohawk Valley, is spending a few days in town. The mine has closed down temporarily.

THE MEETING PLACE.

If you are looking for that friend of yours, drop into the Snug at 229 Virginia street. You are liable to find him there. Pringle & Carroll keep the best goods and treat their patrons well.

The suit of Snow vs. Nelson for $100,000 for an alleged breach of contract in the sale by defendant of the Jackson creek, Humboldt county copper mines, was decided in favor of Nelson by Judge Hawley in the U. S. District Court yesterday.

FUTURE FOR THE COMSTOCK

The Drilling and Unwatering Projects Are Full of Rich Promise.

The resolve of the directors of the Consolidated California & Virginia to drain that mine down to the 2500 level, is the most important movement in the Comstock mining industry since the levels below the Sutro tunnel were abandoned in 1886 through the stoppage of the ponderous pumping machinery, which gave the water undisputed sway until the installation of the Risdon hydraulic elevator in the C. & C. shaft, through which four hundred feet of flooded ground was recovered and from which $1,000,000 in bullion has been produced, says the Report.

The British steamer Condor is supposed to be lost off the Washington coast.

The hydraulic elevators have not only drained 400 feet of flooded ground in the Con. Cal. & Va., but have lowered the water along the entire lode over 154 feet below the stage at which it stood prior to the installation of the hydraulic system in the C. & C. shaft. With the auxiliary aid of the Reidler pumping plant to be placed on the 2150 level of that shaft, it will require but a short time to recover the intervening levels down to the 2500 with a favorable prospect that the downward continuation of the ore found between the 1750 and 2150 will add further to the unparalelled bullion-producing record of that mine.

This movement, coupled with the low grade ore resources of the Comstock, which will ultimately be worked at a profit through the Butters process, and the prospect of finding an important ore body on the Brunswick lode through the Davis drilling process, lends a roseate hue to the outlook for a renewed era of prosperity on the old lode.

BRAIN-FOOD NONSENSE.

Another ridiculous food fad has been branded by the most competent authorities. They have dispelled the silly notion that one kind of food is needed for brain, another for muscles, and still another for bones. A correct diet will not only nourish a particular part of the body, but it will sustain every other part. Yet, however good your food may be, its nutriment is destroyed by indigestion or dyspepsia. You must prepare for their appearance or prevent their coming by taking regular doses of Green's August Flower, the favorite medicine of the healthy millions. A few doses aids digestion, stimulates the liver to healthy action, purifies the blood, and makes you feel buoyant and vigorous. You can get Dr. G. G. Green's reliable remedies at Hodgkinson's drug store.
